Subject: Message re. Wayne Plating Removal

Hi, Susan:

I've returned to the side of goodness after 19 years in the private sector, and so I'm now the only environmental lawyer in the entire City of Dallas and the general counsel to the Dallas Water Utilities Dept. A little while ago I left you a VM on your cell no., to which I gather you forwarded your office line – I have your cell no., so I called that number after I called your office number to confirm my suspicion regarding forwarding. Anyway, could you call me asap? The City has a park adjacent to the Wayne Plating site, and I understand the Region has begun a listing investigation. I need to know as much as possible about the situation since no one in the entire City knows anything about Superfund, and we need to know the facts, etc. etc. Carlos said his group hasn't become involved yet, so I need to talk to you, even though your OSC isn't available today.

We're having an internal meeting Monday and our environmental engineer, Joseph Vu, will be out of the office, I'd like to have him get a sense of where the Region is on the matter so I can get this thoughts before our internal meeting. Joseph has already has learned from someone at the Region that the listing package won't be complete for a while, and I've arranged w/Carlos to get a copy of the action memo. However, since this is your program, and since I'd like to catch up, it would be more efficient for us to talk asap, even before your OSC is back in the office.

So, could you give me a call at the office at the number below, or on my cell at (b) (6) ? I look forward to hearing from you.
